Division 1 MST – Home Learning Plan for May 11th – May 15th

Dear Students,

Welcome to Week 8 of Home Learning in Div. 1 MST! You will work from the Grid (on the next page). Please continue to plan your week so that you complete all required work. This week, there are several required items that all students need to do: log both of your Unit 3 quizzes, a 4 part math lesson on Statistics, and a 4 part science COW 10 assessment. Remember that we will be doing COW #11 next week (in Week 9); the math activities this week will prepare you for the Statistics topic in that COW!

Goals and Notes for Week 8:

- See the ½ hour math activity and the ½ hour science activity each day from **The Week 8 Grid**. (Yep- that means you might not do ALL of them!)
    - You should work for a total of about **one hour** on your MST work each day. If you finish something quickly, move on to another option!
    - You must log the quizzes for Unit 3 math AND Unit 3 Science.
    - You must do the science COW 10
    - You must do the 4 math activities

- Submit evidence of your work on **Your Submission Page** in OneNote
    - There are lots of ways to do this! But, please, put your work on **Your Submission Page**.
    - **Remember**: the time it takes you to submit your work "counts" as part of your 1 hour. Take the time to do this because it's the only way we know you've done the work!

Expectations:

1. Students will use their Div. 1 MST Class Notebook to:
    - Watch daily "morning videos" or read "morning message"
    - Find further information and direction about daily activities in Class Notebook
    - Submit daily work on **Your Submission Page** in your Class Notebook
2. Students will use their school email/calendar/Teams to communicate with teachers

Communication with teachers:

Teachers	Email	Class Notebook Link
Kalista Tess	kkintzing@theparkerschool.org atessmer@theparkerschool.org	Link to Kalista & Tess's Notebook
Mit Jen	mit@theparkerschool.org jdiedrich@theparkerschool.org	Link to Mit & Jen's Notebook
Stacey Skrehot	sfair@theparkerschool.org kskrehot@theparkerschool.org	Link to Stacey & Skrehot's Notebook

Teachers will be **checking email** between 9:00-10:00 AM and 12:30-2:00 PM. If you need an immediate reply, email during those windows.

Book **virtual appointments** with your teachers! E-mail about how!

Optional **MST Class Help Sessions** occur from 12:30-1:00 PM on M, T, Th, and F.

The Grid is on page 2!

The Grid

Daily Required Activities for Week 8 – two ½ hour "chunks" each day		
Monday	**Science: COW 10 Part 1** 	**Math: Measures of Center and Range**
Tuesday	**Science: COW 10 Part 2** 	**Math: Dot Plots and Variability** Thursday	**Science: COW 10 Part 3** 	**Math: Mean Absolute Deviation ("MAD")**
Friday	**Science: COW 10 Part 4** 	**Math: First Name Data Statistics**

Note: You may complete this work independently or get started in our <u>Div 1 MST Class Session</u> ("Help Session") every day from 12:30-1:00!
